7. File No. PRR05-17024 (33)/1/2018-EGS CNVRGNC-CORD of the Director, PR&RD, AP, Vijayawada.

O R D E R:

In the references 1st and 2nd read above, Government have accorded administrative sanction for providing Underground Drainage (UGD) Systems in 157 Rural Constituencies in the State with an estimated cost of Rs.595.6398 crores, out of which, 70% shall be met from the MGNREGS material component, 10% from 14th Finance funds available with the respective Gram Panchayats and balance 20% of the total cost from the convergence funds available with the Commissioner, PR&RD, AP, Vijayawada.

2. In the due course, the Engineer-in-Chief, Panchayat Raj, A.P, Vijayawada issued notification calling for Expression of Interest (EOI) for execution of UGD works on turnkey basis. Certain firms came up for execution by quoting rates for 'KM" "for Supply, Laying, Jointing including Manhole / Inspection Chamber (as required), House connections including specials, testing, commissioning and with the defect liability for a period of three years. The trench excavation and refilling will be done by the Gram Panchayats under labour component. After due procedure, the firms have been selected. To examine various aspects and to scale up the project in entire Andhra Pradesh State for villages having population more than 5000, in the first phase, three (3) districts viz., East Godavari, West Godavari and Chittoor Districts were selected

for execution of 50 km length in each district on pilot project basis. The District Collectors of the above districts have been authorized to select the villages out of the works already sanctioned, entrustment of 50km length to firms.

3. Subsequently, in the reference 5th read above, orders were issued changing the funding pattern of 70% from MGNREGA material component and 30% from SBM funds in-place of the funding pattern mentioned in the references 1st and 2nd read above.

4. It has been brought to the notice of the Government that as against the target of 150 km by 31.3.2018, the agencies put together have done only 16 km and the Agencies have brought certain field problems to the Government's notice that excavation of earth work are entrusted to the Gram Panchayat through MGNREGA wage seekers under wage component. The wage seekers are not willing to do drain related works as the work requires breaking concrete floors, digging deeper depths and enable to bear foul smell. The GPs are not willing to provide 10% of their share due to insufficient funds. There is lack of coordination between excavation team and the Agencies. Therefore, the Agencies have requested for dispense the excavation work by manual labour and permit to do the same by using machinery to achieve the target. They also requested to allot the execution of earth work on turnkey basis as supplement of work to the main work of supplying, laying and jointing the pipelines as per departmental norms.

5. The matter has been examined with all the concerned and after examination, Government have decided and accordingly hereby issue following orders:

I. **Regarding Pilot Project works 50 Km per district in 3 Districts:**

(a) drain cutting with machinery with machinery rate and supply of sand and filling for the bed will be entrusted to the companies themselves with SSR rates as supplemental items;

(b) These items will be charged to the funds other than MGNREGS funds

(c) A minimum amount of Wage component items should be charged to MGNREGS funds and the Agencies are continued till completion of UGD works;

II. Regarding Funding Pattern: 70% from MGNREGS and 30 % from Convergence/G.P/ SBM funds (in that order) and the same is applicable to the entire UGD works in the State; and

III. Regarding Execution of works not started other than Pilot project works:

(a) to continue with Engineer –in-Chief (Panchayat Raj) wherever DPRs are already prepared by PR Engineering staff;

(b) to give Rurban cluster headquarters & ITDA mandal headquarters GPs to RWS wing; and

(c) to call for tenders for the material and entrust the works to GPs for which the Engineer –in-Chief (Panchayat Raj) shall take further necessary action.

IV. The UGD works shall be taken up in 2-3 Constituencies per District initially.

6. The Engineer-in-Chief, Panchayat Raj and the Director, Panchayat Raj and Rural Development, Andhra Pradesh, Vijayawada shall take necessary accordingly in the matter.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
